

Colorado Animal Rescue Application Survey for Dog/Puppy Adoption

Thank you for considering Colorado Animal Rescue Shelter for your next dog or puppy. The attached adoption application survey has questions that will help us assist you in choosing a dog or puppy that is a good match for your household. Thank you for taking the time to answer the questions.

Our adoption fee is \$150.00 and includes:

- Spay or Neuter surgery prior to adoption
- Current Distemper Combo Vaccine and basic de-worming
 - Current Corona Vaccine for puppies
 - Bag of Hill's Science Diet food
 - HomeAgain micro-chip implant

When choosing a new dog or puppy, please think about these things:

- Do I have enough time/money/energy for the one I'm choosing?
 - Can I make a lifetime commitment?
- Am I willing to be patient and seek training while the new dog or puppy is adjusting to its new home?
- Is this the right time to bring a new animal into my household?
- Can I commit to taking my new puppy to puppy training classes?

We want every adoption to be successful and every adopter to be happy with their choice. Please feel free to ask any questions or share any concerns you may have.

Application Survey for Dog/Puppy Adoption

Please fill out the information below in all honesty, so that C.A.R.E. may do its best to help you find your new "friend for life." If you don't know the answers to something please leave it blank – we request information "to the best of your knowledge." Please do not tell us what you think we want to hear – this survey is to assist us in helping you with the adoption process.

We will need 24 hours to process this application.

Colorado Animal Rescue, like most shelters in Colorado, is not a "same day" adoption facility. We want to do our best to help you find an animal you are happy with, and we strive to make each adoption a match for life!
